

Email and USMail sent out Monday, August 08, 2011

Hi to Amy and Robert, I respectfully request you BOTH show up at Sept 1 as I will be personally interviewing BOTH of you. If need to again involve IRS, USAttorneyGen, USMarshalls, I will. If anything happens to me in any form or manner, like another intruder in my home (2 weeks ago), I have automatically set up emails and webserver to automagically expose both your activities. Everything that will be exposed will be from YOUR own hands, voice, and video and all legally admissible in any court of the land, including Federal Court of my choice. It's wonderful that neither one of you has figured out who I truly am. The kicker is the video I shot 30 feet away on your daughters 8 year old birthday when she and Hunter VOLUNTEERED all this really cool information from the out-of sight curb 2 blocks (or more) from Amy's sight when Robert was out of town waiting for Vivian Rose(grandmother). Can you spell Child-endangerment? And you know me well enough that I will always protect the innocent, you have my word. I can time-stamp the video if necessary. All legally admissible. Every single word from your daughter's mouth and collar berated (spelling is correct) by Hunter. See Previous email and US Mail.. And the websites will show publically filed testimonies from all of Robert's court appearances and dispositions. Let's have SHOWTIME in court and both of you are the STARS. Including the protective motion for me NOT to reveal publically available documents such as HomeWaves American Express statements pre Nov 2007 just a request away. Personal purchases on company card by who-ever. Just takes ONE you accounting experts.

My terms: Pay off every last dime you owe me including ALL legal costs I every paid out. The list is long. And do it BEFORE SEPT 1. Then I might consider asking the court for mercy on your behalf. I have the power that you are completely unaware of. Trust me. You are messing with the wrong person and it's NOT ME.

To Jimmy and CYCLONE: Please email forward this to last known lawyers representing Robert Rose. re F-250 Ford fiasco as I suspect Robert bought off the Judge. Makes for a great story either way. No word on Avalanche, huh?

Ask Robert Rose to read his Robert@Homewaves.com email account as his website implies he is going BACK into business. (CYCLONE: are you listening?). I can supply copies of all emails I sent Robert recently(Maybe I already did?? I am so forgetful, just like Robert. I don't remember, it wasn't my job, I can't find the paperwork, ... I'm getting really good at this, thank you Robert). And PLEASE SUE me, because you will have to show up in court? Right? Or default? Boy, I'm getting good at this after learning from the Master(s).

We will also call in all past employees like Wilch, Lynn C, Robert Grossman(felon?), and all the drug addicts and potheads who were on payroll and were security bonded (they were of course). And to be fair, I will let the courts contact every single customer like Mike Briggs to warn them that Robert may be remotely monitoring homes like I suspect he does with Cyclone (Day of Comcast repair – what are the chances?, and why that day of all days).

SOLUTION: Pay off me as well as everyone else you have taken advantage of. If you have the funds, go ahead and pay off THEM first so court won't think I am blackmailing you. Heaven forbid. And I have a temporary need for the Avalanche if you can loan it to me for a day this week. I might consider signing title over to you for your trouble, because BOY, you are both a load of trouble.

And you think I am a no-body. I just published www.SolutionGovernment.com along with so many other websites your wallet will spin sideways, maybe dropping all the change you both need to make.

END RESULT: If you cooperate, I will do everything in my power along the unmentioned party to help you come clean and live a reasonable and fruitful life being happy, safe, and secure.

Cross me and I become extremely righteous. Do You Understand? For when I See, I Understand.

www.WherelsRobertRose.com and www.HomeWavesJudgment.com are auto-triggered. Check out the dates I created these websites.

And because I am an open guy, Call me and I will meet you privately in a secure safe environment for both of you to discuss your issues and work out a solution that is beneficial to you and your family.

Lord, I love my job helping people. Trust me or endure the financial-only wrath of my business partner, all legally admissible. Optional, create a fake SKYPE ID(you are skilled at faking honesty), and SKYPE call me when I am online.

Somewhere both of you have a good heart. Find it and do something with it for good. For your children if no-one else.
