TurnOFFLIGHTS.com SolutionSafeWater.org 1976 NCSU reverses ALL climate Change Polluting Crimelords FOREVER.  
USNewsONE.org by FortuneONE.org

Current NWO CRE (criminal ruling Elite) both at Fortune 1000 Corporate levels and Underground Cyber Terrorist levels have already taken over all databases and all our marketplaces.

EcologyMINING.org eliminates ALL strip mining and deforestation by full scalable only 3 steps. End result benefits is NO MORE down stream flooding, unlimited Terra Watts of almost free Hydro water cold turbines electricity. Includes building thousands of small freeNUCLEAR.org reactors located inside the shields of our largest mountain ranges worldwide. Now we release water during dry seasons to refill the deep water wells, and literally FLUSH out the contamination caused only by burning FOSSIL fuels, by all chemical manufacturing and heavy industry OEMs most are INDIA, CHINA, RUSSIA, and even third world nations of Philippines and SE Asia.

Basic fundamentals is Robotic high pressure water jets cut into all our world mountains 10 times faster than existing TBM like Tesla Boring INC.

Combined with plasma cutting torches, and vibration machines, any size shape tunnel and cavern can be quickly excavated as only 100% underground mining. Then massive scalable small and medium cold water electricity turbines are installed to transfer the stored potential energy of water captured on the slopes of our mountains so we have NO MORE downstream flooding.

Then we add 10,000s of small FreeNUCLEAR.org power plants the size of school buses inside our mountains and hook up all our new TerraWatts of electricity generators to our existing power grid. Now we have full control over all electricity + SolutionSafeWater.org. Few understand that electricity must be consumed within 1 second or stored in batteries. No exception to this most fundamental theMetaPhysics.org original matter to energy transfer universal technology psychics reality.
